- **Quality certification-** Learn about ENplus quality certification and its market introduction.
- **Innovation-** Diversify raw materials and torrefaction technologies.
- **Economy-** Cost effective production of pellets.
- **Sustainability-** How to implement sustainability schemes and reduce the carbon footprint of pellet plants.

INTERNATIONAL PELLET CONFERENCE

VICTAM INTERNATIONAL is the world's largest event for the processing of animal feeds, dry pet food and aqua feed. Now, it also includes biomass pelleting technology. It is a truly international event with senior executives travelling from all over the world to see the feed industry's showpiece trade show. The exhibition is expected to bring together more than 250 exhibitors.

VICTAM International Exhibition: *to guarantee free entry to the exhibition please register on the VICTAM website www.victam.com*
