

## BECI Breakfast: How to access EU Funding

**More than €1900M European funds available in 2012 for lifelong learning activities!**

The European Union has a budget of nearly €1900M available for lifelong learning activities. Due to complexity in accessing these funds, BECI in partnership with GIS - ESL & Network, is organizing an information session where you will get precise and detailed information on different types of activities in the field of lifelong learning, such as:

- mobility initiatives for employees and trainers,
- development and transfer of innovation projects,
- study visits, networking and exchange of good practices,
- trainings, seminars, conferences and other knowledge-disseminating actions.

A synthesis of these programs, as well as study cases and testimonials will be presented. Following the presentations, you will have the possibility to meet EU funding experts and evaluate your project's funding opportunities.

8h30-9h00	Networking Breakfast
9h00-9h20	Presentation of the European Education & Training Policy <i>Sophie Weisswanger - Policy Officer, Vocational, Education &amp; training : Quality Assurance, European Commission</i>
9h20-10h00	Presentation of the EU lifelong learning programs: Leonardo, Grundtvig, Marco polo common learning actions, Marie Curie actions <i>Anne-Charlotte Joubert, Spyros Afentoulidis, Daniel Kerrigan - Consultants at GIS - ESL &amp; Network</i>
10h00-10h15	Testimony of a project leader on European Social Fund
